

Registration Process for PA State Finals 2009

For Coaches of Advancing Teams:

1. **Your team will be automatically advanced to State Finals by your Regional Director, following your tournament.** This process is being coordinated through the National headquarters scoring files system.
2. **Each team must provide a long-term judge who has been trained in their problem and has judged in their problem, at the regional level this year.** If you have a problem with supplying a judge, please contact your Regional Director for assistance immediately. Your team may receive a 25 point penalty for failure to provide a trained long-term judge for State Finals.
3. **Your judge must register for State Finals by March 21.** On the state web site (paodyssey.com) go to "Registration", "State Finals" in the left menu bar. On the registration page you'll find the link for judges to register.
4. **You can check to make sure that your team and judge are registered by going to the "Member Area" on the national web site.** Please wait until Wednesday following your regional tournament to allow for advancements to be made. Log in with your membership number & zip code, click on "Team registration" and check the listings for "PA State Finals tournament." Check under "judge/volunteer listing" for your judge. If your judge made an error when registering, they may not appear as registered. Please contact me immediately if you have a problem.
5. **Each team must remit a check for the \$ 50 State Finals Tournament Registration Fee by March 28.** If paid after that date, the fee will be \$ 80. The registration fee must be paid prior to the tournament, in order for your team to compete.

Please make \$ 50 check payable to: **Creativity Unlimited in PA (CU in PA).**

Please fill out the form below and send with your check to:

Mike Popadich, Treasurer
